

Brandy Joseph

Hello, my name is Brandy Joseph,

I am the Animal Intake Manager for the Sacramento SPCA. I was born and raised on the beautiful Island of Maui. Growing up on a farm in Hawaii I have always worked with animals whether it be a stray dog, cat, one of our horses, or other farm animals. I realized at a very young age that I wanted to pursue my career in the animal industry. I attended college at Dodge City Community College in Dodge City, Kansas where I studied Animal Science. I later moved back to the island of Oahu where I started working for the State of Hawaii in the animal quarantine department. My family and I decided to move to the state of California 5 years ago. I then began working for the SSPCA in 2018 as an Animal Intake associate. I was promoted in the first 8 months as Animal Intake Supervisor and 1 year later to Animal Intake Manager. This has been one of the most fulfilling careers I've had. I am grateful to be able to help both animals and the community.
