

## Shana Schank, DVM

With 17 years of experience as a Veterinarian, I am eager to expand my expertise and skills as the Executive Director of SYVHS/DAWG. I continue to serve as the Medical Director and the sole veterinarian at our shelter, which presents the challenge of time management and balancing multiple responsibilities.

I began my veterinary career as an Ambulatory Equine Veterinarian before transitioning to a mixed mobile role, treating a variety of species. Eventually, I took on the Medical Director position at SYVHS/DAWG, where I discovered my passion for shelter work. These diverse experiences have allowed me to effectively manage our organization and enhance our impact within the community.
