

Joshua Hall

I've been in the animal services field since 2005 and have worked all positions from part time kennel worker up to becoming an Officer in 2007. Currently, I am an Officer II for the Town of Apple Valley Animal Services. On top of running everyday calls for service, I oversee our public outreach programs and the wildlife division for our department. I'm also assisting leading the field division. I have three officers under my responsibility.

I'm 36 years old and live in Apple Valley, CA. I'm married to my wife Kristin and have a four-year-old son. My hobbies are fishing, golfing, and hanging with my family.
