

Jeanette Hanneman

Having experience in managing employees and volunteers, team coordination, and being a licensed veterinary technician for 20 years, led me to my current position as the Center Manager of the Eastern Madera County SPCA Animal Care and Adoption Center in Ahwahnee, CA. I started my position in October 2021, and we just passed our 2-year anniversary in October of 2023.

I look forward to this program giving me the extra knowledge to help me with the next level professionally.
