

Cassie Triplett

I am an Animal Control Officer with the Nevada County Sheriff's Office. I have been with them for 2.5 years and I am currently the second most senior officer, other than the supervisor. I am also on the board of directors and am a founding member of Sheriff's HEART, Humane Emergency Animal Rescue Team, which is run under the Sheriff's Office.

I have always loved working with animals, but being an Animal Control Officer has given me a greater respect for animals and what is required of those of us that stand up for and speak on their behalfs. Being the voice for the voiceless is a calling, it is my calling.
