

EMMA PEREZ-SINGH

Riverside County Department of Animal Services

Operations Chief, Veterinary and Support Services

As a public administration professional for the last 15 years, my devotion has been to serve both the four and two legged constituents living within Riverside County. My professional motivation stems from an altruistic desire to improve my community for current and future residents, as well as to stand for and represent the most vulnerable populations in our society. This motivation led me to work in social services, homeless services, housing, public health, and animal services. I completed a Master's in Public Administration in 2008 as well as undergraduate studies in public policy, leadership, political science and legislative advocacy. I completed a Bachelor of Arts in Political Science with an Emphasis in Public Administration in 2006.
