

Brie Sarvis

I found my calling in animal welfare while working as a volunteer veterinarian at the San Diego Humane Society 10 years ago. I was fortunate to join the team at SD Humane as a Staff Veterinarian and more recently as a Hospital Director. In addition to mentorship within our organization, I have learned a great deal from training with Humane Alliance, Million Cat Challenge & Maddie's Shelter Assessment Mentorship, and the UF Shelter Medicine program. My passions are high quality, high volume spay/neuter (HQHVSN), Community Wellness, and finding outdoor adventures with my two girls and 3 furry children. I am grateful to be a part of the CalAnimals Emerging Leaders Program for 2022!
