Impact Weapons course.

Call : Office (661) 829-6193 or  
Cell (661) 900-0532 additional  
courses or registration  
questions.

### **OVERVIEW:**

This course is designed as a basic and refresher course for Baton/Impact Weapons. Instruction includes updated legal information on use of force, de-escalation, self-defense, duty to intercede and post-use of force consideration. The course satisfies the training requirements for Peace Officers and for Public Safety agency employees per PC 22295. This course provides updated legislative content of Penal Code Section 835a.

### **GOAL:**

This course is designed as an introduction and refresher to Baton and Impact Weapons. It includes the straight baton and collapsible batons. Techniques which are taught focus on using the baton as a self-defense force option using minimal strikes and utilizing improvised and personal weapons in alternative methods.

Current legal authority standards of PC835(a) are reviewed and discussed regarding impact weapons, injuries and rendering first aid/medical assistance.

The course includes scenario-based testing and evaluation of students.

### **INSTRUCTORS:**

Controlled Response Institute is a POST and STC certified training presenter. Instructors at Controlled Response Institute are certified POST and STC certified instructors. The instructor team includes both dedicated tenured active and retired sworn law enforcement professionals. All CRI instructors are dedicated to providing quality confidence building instruction to their students, through both facilitated and scenario-based training.
