

Christina Avila

City of Perris Animal Control

Senior Animal Control Officer

I have been in the animal industry for 31 years as a vet assistant, unlicensed vet tech, kennel technician, and animal control officer. I studied at Cal Poly Pomona and have an MBA from University of Redlands. I am currently in an online DBA program. I worked as an Animal Control Officer for Riverside County for 8 years, and currently at the City of Perris for 5 years. I am interested in progression and change and implementation of new programs to benefit shelter pets.
