

Jeanette Guzman

Jeanette has a Bachelor of Arts with a Major in Linguistics and Japanese from the University of Santa Barbara California.

She's had a passion of working with animals her entire life and grew up with Jane Goodall, Steve Irwin, and Jeff Corwin as some of the major animal heroes who inspired her. Her journey in working with animals began just 7 years ago in 2017, when she began working at an animal rescue organization and earned the role of Shelter Supervisor. She became an Animal Control Officer with the City of Palm Springs in April 2022. She has learned a lot about animal law and hopes to continue her work in helping animals and people in her community.
