City of Rancho Cucamonga Animal Services

Animal Services Officer II

Hello, I'm Jess. I am a dedicated Animal Services Officer, assisting animals and their people for the past 4 years. I knew that I wanted to work in Animal Welfare since I was a child. After becoming my family's first-generation college graduate (B.A Criminal Justice), I quickly jumped into my career and learned the ropes. My goal is to encourage collaboration between jurisdictions and achieve a more standardized set of objectives between agencies.
