

## Kristin McCormick

Kristin has a lengthy background working in a Veterinary hospital setting and has been helping shelter pets for over 10 years. She briefly left animal care to tackle real estate but realized that her sincere heart and passion belonged to the animals she loved to save. Kristin became more involved in Shelter Medicine and became the Bakersfield SPCA's Senior Health technician in 2013, after a lengthy education process. Kristin became the Shelter Manager in 2015 and loves to lead her team to achieve more for the animals in the SPCA's care and is constantly taking on new challenges to save more lives.

Kristin lives with her three rescue pets, Binky, Gidget, and Cookie. In her free time, she enjoys fishing, camping and the great outdoors.
